About Us

KG Good Enterprise LLC headquarters out of Miami, FL operating throughout the Miami area, building a formidable black book of contacts to handle any of your needs. We're bonded, insured, and only employ reference-checked professional technicians who have been successfully trained in person and are monitored for quality assurance. We use the most effective, safest, eco-friendly, hospital-grade non-toxic solutions in the market.

Core Competencies

Commercial Cleaning - Work closely with you to plan a personalized cleaning strategy, tailored to the needs of your space. This usually involves a walkthrough by one of our specialists to best understand your needs. Whether it's a production office, catering space, stage, or street.

Sanitizing Services – We use CDC and EPA prescribed sanitization methods for production environments and throughout the day, we rotate across high touch surfaces, keeping them constantly clean and sanitized.

High-end residential cleaning - We're more than ordinary cleaners. Luxury homes and apartments are where we shine. We set exceptionally high hygiene standards, use non-toxic products, and live by checklists.

Post-Construction Cleaning - We use meticulous checklists informed by CDC and EPA infection protocols to ensure your delicate finishes are safe, clean, and sparkling.
